

A FULL STEAM TEST ON EVERY HUMIDIFIER!

That's in your interest as well as ours.

In your interest because you know that every aspect of each humidifier has been checked and tested before leaving the factory.

You know too that the humidifier has been set to your specifications.

And it's in our interest because we want to give you the best and not have any hassles.

Every test is fully recorded in our files.

***So we both
score.***

***Now that's a
worthwhile
deal.***
